SREEGINY KODEESWARAN
COMPUTER SCIENCE SOFTWARE ENGINEERING GRADUATED

PROFESSIONAL SKILLS

- C
- C++
- Python
- PHP
- Java
- HTML
- CSS
- JavaScript
- Bootstrap
- My SQL
- SQLite
- Flutter

TESTING SKILLS

- Selenium Automation
- Manual Testing

Frameworks & Libraries

- Laravel- 8
- React Js
- Spring Boot [MVC,Spring Security]
- Bootstrap

TOOLS & IDEs
- Visual Studio
- Figma
- MS Office
- Android studio
- IntelliJ IDEA
- NetBeans
- MySQL WorkBench

METHODICAL SKILLS

Organizational talent
Stress resistance
Problem solving
Fast Learner
Team work
Adaptable
Presentation

ABOUT

I am a graduated and Java developer, enthusiastic and proactive about expanding my knowledge in software engineering. My goal is continuous improvement in IT skills. I am currently seeking challenging opportunities in software development, with a particular interest in creating mobile applications and UI/UX Design.

EDUCATION

BSc(Hons) Computer Science in Software Engineering
Institution: Kingston University London
Campus: Esoft Metro Campus - Colombo
Year of Graduation: August 2023

Higher National Diploma in Information Technology
Institution: Advanced Technological Institute - Jaffna
Year of Graduation: February 2022
Enrollment Period: May 2018 to February 2022

G.C.E Advanced Level
Institution: Thondaimanaru V.M.V - Jaffna
Year of Graduation: 2017

AWARDS & PARTICIPATION

- Participation & Certification in Bootcamp on JavaScript & React.JS from A to Z | 2023
- Participation in Introduction to GitHub Actions - 2023 | Microsoft Student Ambassadors Workshop
- Participation in Trainee Full Stack Developer (Online learning Programme) | Open Learning Platform | University of Moratuwa - 2022
- Participation in UI/UX bootcamp | FITA Academy | 2024

CERTIFICATIONS

- Certificate in PC Application with Merit Pass | 2018 - DMI Computer Education
- Certification in North Ceylon Oriental Music Society | Dance
- Diploma in English Language level III | 2018 - Hindu Buddhist Cultural Association
- Certification in Front End Web Development -(Udemy)
- Certification in Python for Beginners - UOM (CODL)
- Certification in Web Design for Beginners - UOM (CODL)
- Postman API fundamentals Student Expert | Badge
- Certification in Foundations of User Experience (UX) Design From Google

SOFTWARE PROJECTS

BUILDING CONSTRUCTION SYSTEM   2023

- Final Year Individual Project - E-Commerce Application
- Scope: Designed and implemented a comprehensive Building Construction System to streamline project management, construction materials, and services. The project includes both a mobile app & a web platform.
- Client: RK Architecture Designers & Engineers (Pvt) Ltd.
- Technologies: React JS | Java | MySQL | Retrofit API | Android Studio

Weather App Development   2022

- Final Year Project - Android Application
- Scope: Developed a Weather App that delivers real-time weather information and forecasts for user-specified locations.
- Technologies: Java | OpenWeatherMap API | Android SDK

CINE MAX - FLUTTER   2023

- Final Year Project - Android App (Group)
- Scope: This mobile Application Entertainment of movies. Android app crafted to offer users an engaging entertainment experience focused on movies.
- Technologies: Flutter | Dart | Android SDK | My SQL | HTTP | Provider Library

PHOTO PUZZLE SYSTEM   2020

- 2nd Year Project : Android Application
- Scope: Developed a mini app to create a jigsaw-based puzzle game, providing an engaging experience for users to solve puzzles using images.
- Technologies : Android SDK | Java | SQLite

E X P E R I E N C E

MY DYNAMICA (PVT) LTD | INTERNSHIP - SOFTWARE DEVELOPER

Nov 2020 - May 2021

Worked as an Internship software developer at Dynamica, a global Information Technology (IT) services company specializing in IT consulting, technology, and outsourcing services. Collaborated with team members to identify and fix bugs, contributing to several module developments for production releases. Engaged in studying various technologies, programming languages, and frameworks to enhance skills and contribute effectively to the team.

Technologies : JAVA | PHP | Laravel -8 | MySQL | JavaScript
